AAW Symposium

Dear Board and Members New Mexico Wood Turners,
On behalf of our patients and families that are served by Holland's Rose, Debora and I along with our volunteers wish to thank our club members for their continued support in our efforts to provide a home for those facing a medical crisis. By selecting Holland's Rose as this year's charity for the AAW's **Return To The Community (RTTC)** fundraiser we raised \$456. It is a special honor to be supported by our club members and the American Association of Woodturners. Your donated items will give 48 year old Navajo artist, M. Sandoval a comfortable, secure, and peaceful home for the next few weeks as he struggles to deal with treatments for a painful cancer. Your donations will also provide the needed assistance to give Patricia of Colorado a place to call home while she tends to the needs of her son who cannot speak or move. Ben was media-vac'd from Fort Benning, Georgia to Albuquerque's VA Spinal Cord unit July 7. He is expected to remain at the VA through the end of the year. This year's 23rd symposium of the American Association of Woodturners has provided a wonderful opportunity to bring about awareness, as well as give AAW members the opportunity to get involved with something very tangible. Holland's Rose is *this* community; it is *our* community. Every donation whether goods or volunteered time is utilized and appreciated, no matter the amount. Many of 106 items donated were toys. However, due to recent concerns about lead-based finishes,

toys could not be sold; but that did not keep parents from making a donation when their children expressed an interest in playing with the cars, tops, or yo-yo's. Remaining items from the symposium will be featured in our future fundraising events. We thank you all...
Les and Debora Jolley

The Library Corner

A list of all the DVD's and tapes will be listed on our web site in the near future. We are in the process of converting all of our tapes to DVD's. The tapes will be available for check-out, but only by request.

Lathes

The NMWT's now have three new Jet midi lathes thanks to donations during the AAW Symposium. We received a variable speed lathe from Packard Woodworks, it was a demo lathe at their booth. We will have PPackard catalogs at the Sept meeting so we can send some business their way. We also receives two lathes from Jet, they were awarded to youths from foreign countries, so Jet will direct ship to them and gave us the two lathes used at the Youth Turning Program.

Equipment and Supplies

Woodworkers Supply has individual 5 pacs of the micro mesh grits from 1500-12,000. Cost of the individual pacs are about \$10.00 each.

Please E-mail me with any experiences you have had with equipment, tools or supplies.

Web Sites

www.nmwoodturners.org

Please visit our web site. Webmaster Dave Stein has made many additions and improvements that are very useful to club members. Check out our up-dated web site and the great job Dave is doing. If you have not been there lately we now have a new section titled "Hands-On: Ideas & Info". It contains the hand-outs from Bill Kloepping's demo on laminating pen and other blanks. We have received two additional files from Bill on the "Zia" which will be added to the web site shortly.

Found a good WEB site? Want to share it with other club members? Then send it in to:
