Ron Phillips- Turning Corners

Turning bowls and platters with corners and straight sides like squares, rectangles, pentagons, etc. is much like turning natural edged bowls where the delicate edge work is little more than a shadow. Your bowl gouge spends more time cutting air than wood while you develop the pointed "wings". I hope to discuss and demonstrate some of the techniques that have worked for me and may help you in your future attempts at "turning corners".

2013 Dues

Hart will be ready to accept your annual dues, which are \$25 for the year at the March meeting. As of Feb 02, there were 38 unpaid members. The new dues schedule was explained in the August newsletter. If you wish to mail them to him, send to:

President's Corner

In the past 3 months, the NMWT has purchased 5 new Delta midi lathes for chapter workshops, sold 4 Jet mini lathes, sold one Delta lathe and facilitated the sale of a Jet mini lathe package from the Albuquerque 2009 National Symposium. All these efforts have consumed a lot of time for some of our board. There are still some people that offered bids who were not selected so if you want to trade up there might be a buyer for your used lathe. A trade over coffee has happened before!!

We are scheduled to show turnings at the Sunport in November of this year. We displayed there about 3 years ago and the Sunport staff have told us it was one of their most popular showings. ALL of us MUST put this event in our planning because it is a great venue for our chapter AND sales have happened from that exposure. Beginners to experts can all show work. No one should feel they are not advanced enough. We regularly have a great gallery at our meeting so there is NO excuse.

The next regional symposium is at Provo, Utah May 16-18. Several of our members have gone in past so ask for information. Go to www.woodturnerscatalog.com for specifics. This is one of the premier regional woodturning symposium events. I am a strong advocate of woodturning events, so if you have questions – just grab me.

Keep the chips flying!

February 02 Program Summary

The review of the February meeting will be delayed until the next issue.

Silent Auction

Silent Auction will be held during each NMWT workshop to raise money for a scholarship fund. The earnings from this fund will be used to reduce member's cost of attending hands-on

sessions with professional turner-demonstrators at the discretion of the NMWT Board of Directors.

You may place any item that you think will sell in the auction. Bring only items relating to wood-working or woodturning. There will be auction sheets on a table outside the WWS meeting room. Take a sheet, write the name of the item on the sheet and put your item with the sheet. If you want the item to go for a certain amount, put your name and the minimum bid on the sheet. The Auction will be over at the end of the break. Money will be collected for items sold during the last part of the meeting. All money collected will go into the scholarship fund. Items not sold will be returned to the owner and the owner will remove the items from Woodworkers Supply

Schools

Logo Wear Shirts/ Smocks

NMWT OFFERS CUSTOM TURNING SMOCKS

After much looking I have finally found a domestic source for a quality turning smock. A picture accompanies this article. The smock design and material are identical to that offered by AAW. The smocks come in five colors: Royal Blue, Navy Blue, Burgundy, Tan and Grey and in seven sizes: S, M, L, XL, XXL, XXXL, XXXXL. The smocks are sized to fit over a shirt so if you wear an L shirt you should order an L smock. AAW sells their smocks online for \$50 plus about \$9 shipping and handling plus \$3 extra for your name (added here). NMWT will charge \$50 per smock with NMWT logo plus \$3 for your name if desired. The price includes sales tax. The XXXXL size is \$3 extra and there is no price break for volume. A company in Colorado is manufacturing the smocks.

Normally, if you order and pay for an item at one meeting I can have it at the next; however, if you say please and buy me a cup of coffee, I can probably have it in two weeks.
