Library Exhibit

WE NEED ENTRIES

Last Sat was the entry/set-up for our exhibit at the Main Library. The turnout was very poor with only six members entering 28 turnings. We currently have the four display cases only about half full. Ron Bahm can add more

turnings on Sat afternoon, 11/7. Bring your turnings to the meeting on Sat with your name, item, & wood.

Arts Alliance Gallery

The NMWT Show at the Arts Alliance Gallery is over. We had 143 turnings entered and 18 were sold. We had very little traffic after our opening reception. If we participate next year, we will have to do a much better job of contacting the art community and sending out fliers.

Larry Fox Bowls

From last month's demonstration, Larry left us nine of his demo bowls that range from started to almost finished, to be auctioned off to interested members. These bowls will be on display at the Nov meeting with bid sheets and then in a live auction at the Dec meeting.

Ernie Newman to Teach in Samoa

Ernie has been invited to teach woodturning in Samoa by a master carver, Penehuro Papalii. Because of the recent tsunami and earthquake that had such a major impact in Samoa, he is very keen to assist. He is hoping for your support to make this trip a success. Penehuro runs the Beautiful Expressions of Nature Fine Arts Academy in Apia, the capital of Samoa. They believe his students can make a commercial success of turning small items for sale to tourists through his gallery and at the daily market in the city.

The main focus of the school is carving but, although it has two lathes, Penehuro has limited knowledge of turning so Ernie

can make a difference. His aim would be to teach commercial techniques so that Penehuro's students (young men from 14-20) could earn a living through woodturning. He also hopes to train Penehuro and one, or more, of his assistants to carry on teaching after he return to Australia.

Ernie plans to go to Samoa in February and will pay his fare. He asks you to consider contributing because he needs to acquire lathes, chucks and tools. If interested in contributing, contact Bob Clancy at 281-4469.
